TalkTrain, developed by EducateYourself, Inc., an educational software company, is the ideal web-based language course for global corporations. TalkTrain helps Human Resources or Training Management involved in training foreign employees.

If you are a multinational corporation with hundreds of foreign employees whose productivity and communications would improve through a better understanding of American idioms, colloquialisms and expressions, then TalkTrain is for you. TalkTrain will serve to advance the employees' capabilities to speak more fluently and advance in their current positions. They will become more productive employees and thus will better fit in socially and in the workplace. Corporations and employees will benefit and advancement for the individual will be a by-product of learning how to speak American English fluently.

### What Is TalkTrain 2.0?

TalkTrain 2.0 is an American English conversational course consisting of 125 web-based lessons for people who have English as a second language (ESL) and want to improve their American English conversational skills. With lessons that use listening, reading, speaking and repeating, the user becomes more proficient with American English phrases over time. If you read and write English but want to improve your ability to communicate more effectively on a daily basis, TalkTrain will help you achieve this.
